## UNION PEOPLE SERVING UNION PEOPLE

*Supplying quality union made products to labor unions Since 1994*

**USA PROMOTIONS** has been serving Labor Unions all across our great country since 1994. You can always be assured our products are made in the USA by skilled American workers.

In 2018 we acquired Capitol Advertising Inc. from Jefferson City Missouri which expanded our client base of Labor Unions in several states.

We have many years of experience providing customers with the highest quality imprinted and embroidered products available.

We offer the best in customer service and will always stand by our products. We take great pride in making sure you are completely satisfied and your order arrives correct and in a timely manner.

For us, this is not just a business, but a way of life!
